

Hate Crimes Investigation Seminars

Please join us for one of our **free one-day** law enforcement training seminars being held throughout New York State in December 2024.

Our goal is for our fellow law enforcement colleagues to obtain a newer understanding of bias crime investigative strategies and learn the resources that can be used effectively to investigate crimes that are committed by suspects who target their victims due to their own bias. These strategies will provide the necessary tools to conduct the initial investigation, affect an arrest, and lead to a successful prosecution.

Presented by a collaborative effort between the New York State Police, the Federal Bureau of Investigation, the Anti-Defamation League, Batavia Police Department, Rural Police Training Academy, City of Oneida Police Department, U.S. Attorneys Offices of Northern and Western Districts of New York and MAGLOCLEN.

Batavia: 12/4/24 - Rural Police Training Academy/GCC 1 College Road, Batavia, NY

Oneida: 12/5/24 - Oneida Public Library 459 Main Street, Oneida, NY

New York City: 12/12/24 - Anti-Defamation League HQ, 605 3rd Ave. New York City, NY

Plattsburgh: 12/17/24 - South Plattsburgh Fire Dept, 4105 St. Rt. 22, Plattsburgh, NY

Albany: 12/18/24 - NYSP Academy, 1220 Washington Ave. Bldg. 24, Albany, NY

Please select the location you are attending, fill in all information below, and submit by email to Training Specialist Terry Bannigan at tbannigan@magloclen.riss.net or Administrative Asst. Tish Casey at pcasey@magloclen.riss.net. Questions: 800-345-1322 x1515 or 1537.

Name/Rank _____ City/State _____

Agency _____ Email address _____

Business Address _____ Tel. (____) _____

Topics and Presenters

Hate Crimes Investigations Overview

Senior Investigator Robert J. Lagowski, New York State Police

- ◇ This session will provide a overview the strategies involved in conducting hate crimes investigations, including successful tactics and examples of past cases.

Behavioral Observation and Suspicious Activity Recognition (BOSAR)

Technical Sergeant John P. McIlwaine, New York State Police

- ◇ This instruction will provide the key skills needed to identify suspicious subjects by recognizing and observing unordinary behaviors.

International and Domestic Terrorism

Senior Investigator Jason D. Manchuck, New York State Police (JTTF)

- ◇ Terrorism is a forever evolving issue, both home and abroad. This course will address current trends and tactics of terrorists, internationally and domestically.

Federal Civil Rights

Special Agent Brian Jacobs, Federal Bureau of Investigation

- ◇ Special Agent Jacobs will give an overview of Federal Civil Rights investigations and on how our Federal Partners achieve successful prosecutions.

White Supremacist Groups

Research Fellow Christopher Magyarics, Anti-Defamation League

- ◇ Christopher Magyarics is one of the foremost names in identification and research of white supremacist extremists. He will provide an in depth presentation on these groups, including identification, symbology, nomenclature, and their tactics.
