PRESS RELEASE

Contact: President David J. Zack dzack@nychiefs.org

January 17, 2017

The New York State Association of Chiefs of Police strongly disagree with Governor Cuomo on the recent executive commutation of Judith Clark's sentence. Members of the New York State Association of Chiefs of Police, New York State Sheriffs Association, District Attorney Association State of New York and the Police Conference of New York, which represent Police Chiefs, Sheriffs, District Attorneys, Law Enforcement Executives and polices officers throughout New York State come together to express to Governor Cuomo our dismay and hope that he will lead by example. A letter signed by the President of each law enforcement Association was delivered to the Governor.
